counter-balanced T-bases

Need to get the most out of your height adjustable tables? The TableX counter-balanced option is the way to go. With a range of 19.69" on T-bases and infinite choices in between, this table fits a multitude of applications. Simply squeeze the small handle underneath and gently move the top to your desired height. It's that easy.

Want to use VertiGo on the go? Simply add 2" to each vertical measurement to account for the added height of locking casters.

To specify:

All available counter-balanced models are priced in the following pages. They are denoted by the "BL" at the end of the model number.

VertiGo

counter-balanced & short-balanced X-bases & disc bases

Counter-balanced tables go from seated-to-standing height, while the short-balanced goes from coffee-to-seated height. Available on tables using single column disc or X-bases, these tables are easy to adjust. Simply squeeze the small handle underneath and gently move the top to your desired height. It's that easy.

Want to use VertiGo on the go? Simply add 2" to each vertical measurement to account for the added height of locking casters.

To specify:

All available counter-balanced models are priced in the following pages. They are denoted by the "BL" or "BLS" (for short-balanced) at the end of the model number.
